DIV OF OIL GAS & MINING

RE: ML 49699-MP

Dear Mr. Burningham:

Thank you for your letter of May 22, 2005, providing additional information regarding the proposed Mammoth Ridge mining property as requested by my letter of April 22, 2005. Your response and the additional information and commitment provided in your letter are adequate except that you failed to provide a more detailed map of the proposed project area.

Could you please obtain and send to me a USGS or other topographic map showing the Mammoth Ridge property, and precisely outline upon the map the location and boundaries of the proposed mine site and the location and lengths of roads or trails that will be upgraded for access to the site.

Also, please provide me with evidence that the Utah School and Institutional Trust Lands Administration has been added as a co-insured upon the company's current liability insurance policy. Thank you for your cooperation.

Sincerely,

John T. Blake  
Mineral Resources Specialist
